

Of Sleight & Mind by Landon Stark - eBook - DOWNLOAD

Of Sleight & Mind is a 150+ page scrapbook of 36 tricks, sleights, gags, and essays. Inside you'll find practical workers (card-in-shoe, twine revelations, AirPods transformation), visual novelties (melted dice, Sharpie misprints), and satirical essays that roast magic while teaching it. Written with Stark's trademark mix of dark humor and blunt practicality, this isn't just another magic book- it's a toolbox of miracles, mischief, and ideas you'll actually use (or won't).
