

## Floating Match

The magician shows an ordinary match and places it on the back of an ORIGINAL BEE playing card. But here is the incredible: the match begins to rise from the card to be suspended in midair. The nice thing is that viewers can watch even from a few centimeters, the illusion is amazing!

Here is a great opportunity to perform a wonderful levitation.

- Easy to make, has a great effect on the public.
- With Bee cards, this effect will last a lifetime.
