

Tiny-maxi wand

Apparently, this magic wand looks like a common black wand with white tips. In truth, it is an incredibly versatile item which allows many comical routines.

In the magician's hands, a regular wand becomes tiny or a tiny one becomes as long as a real magic wand all in front of the spectators!

- Very easy to do.
- Suitable for any kind of audience.
- The maximum length of the wand is cm 20,5 (8").
