

Divine Playing Cards by The United States Playing Card Company

"That deep emotional conviction of the presence of a superior reasoning power, which is revealed in the incomprehensible universe, forms my idea of God."

- **Albert Einstein**

A DIVINE deck:

The **Divine Playing Cards** was designed using a mathematical pattern discovered in 1200 A.D. that seems to be the key to everything.

This mysterious diagram is hiding in plain sight everywhere: flowers, shells, waves of the sea, trees, in your fingers, in your ears, and even in the shape of the galaxies. According to science, this pattern might be a trademark that proves the existence of a creator.

There is a special "Easter egg" feature in the deck that will surprise your friends and guests during your card games. You'll be able to let them find out, in a very unique way, the answer to the "Ultimate Question of Life, the Universe, and Everything Else."

DIVINE Playing Cards list of features:

- 56 elegantly ornamented cards
