

## **Global Titans (White) from The Expert Playing Card Co.**

Global Titans are the premiere release of The Expert Playing Card Company, LLC. EPCC is committed to creating the best cards in the world for the best hands in the world.

Global Titans are an amazingly thin, flexible and workable deck manufactured and then finished by hand in Shanghai. In addition to the exceptionally fine quality of the cards themselves, the packs come in a beautiful Art Nouveau tuck case that is both gold foil stamped as well as embossed.

These cards are embossed with a fine texture and handle and feel quite differently than any other deck that Conjuring Arts has ever released. We are very pleased to be offering these cards exclusively to our customers.

Orders of 12 come in a custom Global Titan brick box, printed both inside and out.
