

Floating Table - Economy

The magician looks at the table on the stage. Grab the corners of the silk that covers it, and after a moment of concentration, he slowly lift it and the table starts to fly. A spectator is called on stage to keep the other two corners of the silk and to see close the fly of the table. The audience will be amazed by this illusion!

- It can be disassembled completely.
- A stylish bag is supplied that measures 40 cm (l) x 10 (h) x 34 (w).
- The table is 88 cm high and the table top measures approximately 30 x 30 cm. The silk measures 74 cm per side.
