

Change bag - Mini - Plus version

With this mini bag you can perform a variety of routines: make appear a silk from the bag shown previously empty, turn a red silk into a yellow silk or turn four mini multi-coloured silks into a small blendo and many more!

- The bag is about 9.5 cm long.
- Excellent for close-up shows.
- The bag can be given out to be checked!
- In the box you will find the bag with the necessary gimmick.

With the "**Plus version**" we also supply 4 mini silks (these silks are cm 11 x 11 and are red, yellow, green and blue), and the mini blendo with the four colors on it (this measures cm 22 x 22).
