

## **Ball of Fire by Alan Wong - Trick**

Produce a flash of fire between your hands at any time!

This unit contains a retractable flash unit on a durable steel cable reel with stainless steel casing clipped onto your belt under your jacket. Note that flash cotton and other flash products are used for this effect and supply of flash cotton is not included. For example, you may add flash powder to a ball of flash cotton to create a puff of smoke in a flash that looks like a mini atomic bomb with a mushroom cloud!

Please use extreme caution when handling fire products. Seller is not responsible for any hazards and damages due to accident or as a result of using this product.
