

## **ACE (Cards and Online Instructions) by Richard Sanders - Trick**

***A disturbingly clean 4 card change that happens in the spectator's own hands!***

Effect:

2 jokers are cleanly placed into the spectator's hands and two jokers are placed into your hands; by simply touching your jokers to theirs, all the cards change to aces.

Ace combines easy sleight of hand with a devious gimmick. Ace is not a simple packet trick, it's a diabolical card change system that happens in the spectator's own hands. The instructional video is jam packed with intense training for 6 powerful routines, ideas and concepts, plus all the inside information on how to turn this into a true miracle.
