New & Improved INCREDIBLY RICH PAPER & INKS

Time was spend refining the world's finest deck. It turned out better than anyone could ever imagine. The back design has been treated with a vibrant, dramatic shade of red. For the tuck case, an existing soft-touch paper was taken and then darkened the tone while maintaining the vibrance of the red color.

Snakes twist around an evolution of sword and tree. Guiding the edges are the words

"de duobus malis, minus est semper eligendum."
