

Card in Wallet (Balducci/Kaps) by Vernet - Trick

VERNET proudly presents one of the best card-to-wallet methods: the Balducci/Kaps model. It is an ideal model for parlor, close-up, and even "strolling magic," since it does not require any preparation and it is ready to be used at any time. It is made by the most experienced craftsmen and has the finest leather quality.

EFFECT:

A freely chosen and signed card mysteriously travels to a zippered compartment of your wallet. Amazingly, it is the spectator who removes the card from inside your wallet! You can repeat the effect immediately.
