

Flash Bang Wand

Thanks to this amazing tool, the magician can point his wand in any direction and shoot two balls of fire.

There will be a bang and instantly a flash of fire will shoot out of the tip. This can be repeated immediately after, with the second tip.

- Well made and professional. Very easy to use.
- Great to highlight any appearance, vanish, change...
- The wand can be used even just as a regular magic wand.
- The metal wand is 35cm (13,8") long, and has a diameter of about 1cm (0,39").
- Supplied is just the special wand (flash cotton or paper can be purchased seperately).
