Okito Glass by Bazar de Magia - Trick

Effect

This glass is a Theo Bamberg (Okito) creation. It allows you to make many tricks, and may be used as an useful device in performing many effects. Because the glass has a tube inside, it may be used as a bottomless glass. At the same time, you may have liquid inside the glass, all around the tube. Includes 8 routines fully explained: Candle through the glass, The disappearing ring, Milk and Silk, The disappearing drinking straw, The appearing candle, Misers dream and more!
