

Magnetic Ring - Silver - Letters - Small (18 mm)

EFFECT 1: The magician shows a 5 Euro cents coin in one hand and a closed empty glass bottle in the other. In an instant, simply by hitting the glass with the coin, it mysteriously ends up inside the bottle.

EFFECT 2: The magician opens a box of matches and from the drawer he takes 1 Euro coin. He closes the box and places the coin on top. Magically the coin penetrates the cover of the box ending up inside it.

- These are just a few of the possible effects with this fantastic tool. You'll find them both explained in the instructions together with a bonus third effect.
- This ring has a diameter of 18mm.

In the video, various effects are shown, we supply you just with the gimmick shown in the photo.
