

Tarantula II (Online Instructions and Gimmick) by Yigal Mesika - Trick

"Incredible innovations!"

- Dynamo

"The Tarantula II is magically genius!"

- Cyril

"Yet again, Yigal has taken magic to new heights!"

- Dan White

When Yigal Mesika's groundbreaking Tarantula was first introduced, magicians called it "**the most incredible levitation device of all time!**". Now, after seven years of re-engineering and refinements, it's back...and better than ever.

New Features

1. A rechargeable battery that will last you over 100 performances on just one single charge. No more expensive batteries!
2. You can instantly lock and unlock the motor at any moment you wish. Absolutely no set-ups!
3. The micro motor is now completely silent and provides the IT reel with constant perfect tension.
4. Say goodbye to old-school ITR mechanical reels or button reel activation! A new motorized and patented Soul Technology™ is ready when you are and enables you to operate completely hands free.
5. The revolutionary stealth design is now far more intuitive, more comfortable, and extremely easy to master.
6. A brand new video tutorial with Yigal Mesika himself teaching you new effects, performance tips, and psychological subtleties that will elevate your performances to new heights. Beginners and working professionals will definitely be blown away by this high-impact content.
