

Sticky Dots 3D (1/2 inch Diameter) Roll of 200

Zots are quickly making their way into the magic community, not only as an alternative to magicians wax and other sticky substances, but also for new uses only now possible. **Zots** are clear, non-toxic, and will not leave a residue.

Zots contain an advanced clear adhesive that is extremely strong. This makes them perfectly suited for applications such as IT anchors (stealthy and will not pull out of IT), card work, attaching items to clothing (i.e., concealed magnets for stealing and ditching - larger **Zots** are best), gaffing out items, and hundreds of other uses. Want versatility? Get **Zots**!

200 dots - 1/2" diameter
