FIRST HAND

Justin Miller/Paul Harris

You bring out your wallet and remove four single dollars, fold them in half, and place them onto ANYONE'S OPEN HAND. You can even wrap a rubber band around the four dollars to keep them secure. Your own hands are empty. Your wallet can be shown on both sides. The four dollars are in full view on her hand. But when you gently tap her handful of four dollars... they INSTANTLY CHANGE into FOUR HUNDREDS (Or tens or twenties). Your hands are STILL EMPTY... your wallet can still be shown on both sides... and she can IMMEDIATELY EXAMINE her four changed bills! You never have to touch the bills after they change.

The moment the change happens, the deed is done and there is nothing else to switch or steal! Change happens in full view on spectator's open hand.

RIZER

Eric Ross/B.Smith

A Perfect effect has finally found a beautiful method!!

You DRAW a rough image of a deck of cards on your naked arm. Nothing else is seen on your arm, except skin and ink.

Then, from out of the center of the hand-drawn deck, the inked outline of a single

card visually rises out of the deck, along your skin, and then stops.

It's the spectator's card!!

She touches your arm, there's nothing there but skin and ink.

Nothing to hide, palm or steal. No plastic flaps, fake skin or extra pieces of anything.

Can be performed completely surrounded. Your arm, ink, and the rest of your body are 100% examinable.

From network magic consultants Eric Ross and B. Smith comes the perfect, beautiful thing.

This is Rizer

Easy to Perform

- Can be performed 100% surrounded
- Resets in 30 Seconds
- Includes a cool keychain case to hold the secret stuff.

REVIEWS FOR FIRST HAND

"I think this looks superb! Always stronger magic if it's done in their hand. Will definitely be picking this up. Well done, Justin!"

Christopher Congreave

Used mine publicly for the first time tonight, Justin, completely fried people with it.

It's soooooo cheeky!!!! This is definitely staying with me! Congrats on a great product! I know all of us at the shop will be using it. Matthew was performing it to the general public by 11 on Friday, an hour after they came in!

Marc Lavelle

"Mine arrived just this morning from the WMS in the UK...

"I love it!

"The effect is very simple, very clean and very visual - what more could you ask for?

"The gimmick will take about 5 minutes (maximum) to make and then you are genuinely good to go.

"There is enough materials enclosed to make around 4 gimmicks, so this gives you the opportunity to make different gimmicks as you choose.

"The DVD is excellent - clear, concise, and detailed explanations of the set up and handling, which in truth is very easy and simple and some really good performance hints and tips from Justin, along with some great bonus materials.

"This is a real worker! You can carry it in your wallet and perform it impromptu. Easy to perform, virtually instant reset and the magic happens in the spectator's hands; hence, great for table hopping or in the street.

"I am both very impressed and very happy with the purchase. Due to its simplicity, ease of performance and visual impact in the hands of the spectator, for what it's worth, I give it a 10/10."

The Great Raymond

"Very impressed with this. This is something all workers will use. 5 mins preparation and after a little practice -- not much if you perform regularly -- you are good to go.

"This has been well thought out and obviously fully tested in the real world. 'Freedom Pack' was jaw droppingly good and so is this.

"Even without the gimmicked version, the many changes explained in the impromptu routines are well worth the asking price and you also get 'Ka-Ching' and the 'bill wrapped around the card' effect.

"These routines are easy to do, but the effect on a lay audience will be shocking. This is the type of material you want when you are hired for 1.5 to 2 hours and

you have to get around everyone and show really memorable strong stuff. No fuss... just straight to the point.

"Excellent work, Justin. I predict that you will sell a lot of these."
