

Christmas Stocking Tote Bag by Ickle Pickle - Tricks

What a great and magical way to bring the Christmas holiday into your shows!

A beautiful, real Christmas stocking is turned inside out and shown empty, then reversed. When you reach inside, it's full of silks or whatever else you desire to load inside! Can be used for a production, vanish, switch, color change, etc.

Absolutely perfect for the concept of Santa bringing a surprise! OR your leaving a surprise for Santa and finding it's gone - he must have been here! Much fun for the kids and the child in all of us!
