

Happy Santa Blendo Set (36 inches)by David Ginn - Trick

Here is the most beautiful SANTA CLAUS silk ever produced for MAGICIANS and CLOWNS to use in their Christmas holiday shows! Four silks - red, white, green and black - crushed together, pop open to reveal an eye-appealing 36-inch Santa Claus on a green background!

Graphic artist Dena Wade, under the direction of David Ginn, designed this Santa to have the feel of the Santa from our childhoods. It comes complete with 36-inch Santa silk, four 12-inch silks in red, white, green and black plus Blendo Instructions with folding details. You may also have children place the four small silks into a change bag or other switching device, then produce the Santa silk in their place, a magical transformation.
