Sun Smoke Pro (Gimmicks and Online Instructions) - Trick

Create smoke to enhance that magical moment!

Sun's products are focused on quality and practicality.

Sun Smoke Pro:

1. **Normal version:** You can palm this or attach onto other tools that you already use. And you can operate this using a remote control or pressing a button on the product. *Size 40 x 27.5 x 18mm

2. **Arm version:** If you attach **Sun Smoke Pro** onto the arm kit, you can make a "Smoke from Sleeve" effect that most magicians want to do. You can control this using a remote control.

3. **Silk version:** If you attach **Sun Smoke Pro** onto the silk kit, you can present a 'Smoke Glass' effect with any cups.

Includes: Sun Smoke Pro, arm kit, silk kit, remote control switch, smoke liquid *30ml, manual, charger, charger line, extra coil

Review:

"THERE ARE MANY MINI SMOKE MACHINES ON THE MAGIC MARKET, BUT FOR ME SUN'S SMOKE IS THE BEST IN THE WORLD. VERY SMALL SIZE, SILENT, STURDY, AND PRODUCES A LARGE QUANTITY OF SMOKE!" - Juan Mayoral

*Note: This is a trailer video for Sun's Smoke, not for **Sun Smoke Pro**. **Sun Smoke Pro** is smaller than the previous one and has a remote-control system. Other than that, most of the functions are similar to Sun's Smoke.
