

## Bitcoin Playing Cards - Black Edition

Know the identity of each and every card without looking at the face - you wizard!

Every aspect of this deck was designed to mirror the Bitcoin currency - the value, the look, the feel, and ultimately - the story.

The box features premium soft touch Black dyed paper with interior/exterior Black & Gold Foil. No details are left behind. Satoshi Nakamoto's White Paper is inscribed to the inside of the card box in the font of the United States' Declaration of Independence. A peer-to-peer CASH system. You can find the link under the flap.

- (A) "FORTIS EST VERITAS" latin for "Strong is the Truth".
- (B) Binary code that translates to 21M, or 21 million coins as the maximum supply.
- (C) Hammer and Shovel - referring to the miner ecosystem that secures the protocol.
- (D) Elements of Illuminati - imprisoned by the cryptography and security of the SHA-256 algorithm.
- (E) MMVIII, a Roman numeral for 2008 refers to the publication date of Satoshi Nakamoto's White Paper.
- (F) A block that symbolizes the world secured by the global transparency of blockchain which is anchored by the iconic digital "B" of the Bitcoin currency protocol.
- (G) TWO secret codes revealing the identity of the card from the back design are also included with SIMPLE and easy to learn instructions on how to read them.

The Secrets:

Each deck of cards includes an easy to follow instructional video on how to read and decode the binary and serial markings! We even teach you a fun trick to amaze your friends - learn instantly, with just minutes of practice!

Illustrated by Billy French | Printed on the new thin Stud Finish by Legends Playing Card Co.

- The cards are poker size.
