

## Debut (Gimmicks and Online Instructions) by Abstract Effects

**Debut** is a visually surprising way to produce small objects at your fingertips!

Utilize this clever gimmick in your pre-existing routines or use it in a straight forward impromptu situation for friends and family.

A great magician takes advantage of every possible situation and **Debut** allows you to turn ordinary moments into something captivating and impressive!

Dry lips? Magically make a chapstick visually appear at your fingertips! Need a sharpie? Boom! Make a sharpie appear! It looks like real magic and can be done with an unlimited number of small objects.

**Debut** was designed by the *Abstract Effects* team, taking the classic small object appearance to the next level, sleight of hand can only look so magical but with **Debut**, those simple magic moments get a serious upgrade.

Show your hands cleanly without any palming and make any small object visually appear with **Debut**!
