

No Choice Wallet (Gimmick and Online Instructions) by Tony Miller and Mark Mason

A small credit card wallet is placed on the table. A deck of cards is **GENUINELY SHUFFLED**. The spectator removes **ANY CARD**. This card is slid into the clear credit card holder (**NO SWITCH ETC**)

The wallet is flipped over so to show a money clip on the back. Under the clip, there is one banknote. (**ANY NOTE FROM ANY COUNTRY CAN BE USED**). The wallet is **HANDED TO THE SPECTATOR**.

THEY remove the note from the clip. Written on the note, in big bold black marker, is: **YOU WILL CHOOSE THE JACK OF CLUBS**.

THEY slide-out **THEIR CHOSEN CARD**. It really is the **JACK OF CLUBS!**

You claim they really had **NO CHOICE**. The **SAME** deck is handed to them: **EVERY CARD IS BLANK!**

You will love the method, it is such a brilliant idea.

The wallet is only 3 3/4 inches x 2 3/4 inches (9.5cm x 7.5cm)

You can put everyday objects inside, cash, cards, driver's licence etc

Also comes with other bonus ideas and handlings.

It can be a different card every time.
