*"Anverdi is one of mentalism's often overlooked pioneers. Creating methods that were years ahead of his time. It's fantastic to see Murphys Magic Supplies reintroduce these wonderful items to the community and give credit to the original creator, Anverdi. It is also thrilling to see them push the effects and technology to the next level with innovation that is as cutting edge today as Anverdi himself was in his time. Mental Dice will offer the astute performer an endless number of high-impact, direct mind reading routines that will astonish and entertain. "*

**- Luke Jermay**
