

## **The Dream Card Revisited (The Ultimate Card to Wallet) - A Comprehensive Guide by David Malek - Buch**

**The Dream Card Revisited** is a comprehensive guide to the ultimate Signed Card to Wallet routine (there is even a method included that does not require a wallet, so you can perform it out of your pocket). In this book, you'll learn literally every single strategy, nuance, and facet that will enable you to perform this effect (as well as many others) on a professional level, almost instantly. Also included are four brand new methods of:

- Palming multiple cards that have been kept secret for over twenty-five years
- A new way to force under the spread
- Extensive instruction on the use of the Kaps/Balducci and the LePaul Wallets
- As well as ideas and concepts you can apply to your own magic tricks and routines - these are shared here for the very first time.

From the Forward:

"David talks about those things that make magic work, about its essence. And there are not many people who can and want to do that. What you get here is not just a professional trick for almost all occasions; you get a Masterclass by a working pro, a course in magic."
