

ACCOMPLICE by Danny Weiser & David Regal - Kartentrick

David Regal presents Danny Weiser's **ACCOMPLICE**

ACCOMPLICE is a customizable utility gimmick that allows the performer to perform a variety of effects with playing cards:

- FIND A CARD after the deck has been cased and pocketed
- TRANSPORT A SIGNED CARD from one place to another
- PENETRATE A CARD through the surface of a table

The comprehensive video instructions feature both simple effects for the beginner as well as more advanced routines. You can choose to perform effects that are virtually automatic or combine the power of **ACCOMPLICE** with sleight of hand techniques.
