

EXT'HAND by Sylvain Mirouf & Magic Dream | EXTHAND

AN EXCELLENT CARD TOUR signed Sylvain Mirouf and brought up to date!

An effect featuring a superhero, which will appeal to both your child and adult audience.

You present your spectator with a deck of cards. A card is first chosen and then lost in the deck. Now is the time to introduce your assistant superhero, EXT'HAND!

Show the audience a card with a superhero on it and explain that each superhero has a specific power. The particularity of the latter will help you find the card chosen by the spectator. In a snap of the fingers, the drawn superhero then takes his arm out of the frame of the card. Stronger, you now position this card over the deck and then spread them out: the arm is extended on the back of the cards! To the surprise of your audience, the superhero's arm stops on ONLY one card, that of the spectator!

Easy to do, this unusual trick will allow you to achieve a real little miracle almost without manipulation! The specially rigged game does all the work for you, leaving you to focus on the presentation.

Several ways of proceeding are proposed to you in the explanatory video in French. It's up to you to choose the one that best suits you.

- Very Easy to do.
- Specially printed game.
- Very visual with a great story to tell.
- Reset in seconds.
