

## Coin to Wallet by Rodrigo Romano and Mysteries - Münze zu Briefftasche - Zaubertrick

Would you like to perform a powerful, direct and amazing effect? Well, now you can -- with our new effect, **COIN TO WALLET**.

The creator of Odyssey and Osmosis presents a new, unexplained mystery: **COIN TO WALLET**.

When you see it, you won't believe it -- a signed coin disappears from the magician's hand and reappears in your wallet, inside a fully closed jewelry bag!

It's that simple and effective.

Pure magic!

- The signed coin is totally normal.
- There aren't duplicate coins.
- There are no switches.
- It can be done with any object (coin, ring, earring, etc.).
- The disappearance is totally clean.
- The participant opens the jewelry bag and finds the coin.

Setting:

- It can be done surrounded by people.
- Ideal for close-up or larger settings.
- Resets in seconds.
- The wallet is a common one. You can use your favorite wallet without modifying it at all.

- The coin can be given as a souvenir!

Includes:

- Specially designed accessories for this effect.
- Different routines to present it.
- Online instructions (English/Spanish).
  - VERY EASY TO PERFORM
  - REALLY PRACTICAL
  - 
  - EXTREMELY MAGICAL

**IMPORTANT:**

Two equally powerful versions are included. In one, the jacket is slightly modified. In the other, the clothes are not modified at all.
