

AmazeWands - Multiplying and Breakaway Wand Routine - Kinderzauberei

A revolutionary new ending to your multiplying wands routines has arrived!

Building on Bev Bergeron's iconic creation, the incredible **AmazeWands** combine a gorgeous set of Multiplying Wands with a Breakaway Wand to create an innovative and hilarious routine filled with explosions of color and surprise- including a kicker ending that everyone will love.

Don't believe us? Check out the video to see for yourself!

AmazeWands are more durable and easier to use than any other set of nesting wands. They are brightly colored, lightweight and perfectly-sized for seamless operation. Constructed with a vibrant polypropylene hard plastic and scratch-resistant ends, **AmazeWands** will never fade. Even people in the back of a 1,000 seat theater will be able to clearly see this incredible prop.

What's in the **AmazeWands** box?

- 4 nesting wands: red, yellow, blue, green
- One black and white Breakaway Wand that nests perfectly inside the green wand.

You'll also receive access to an online instructional video where Master Children's Entertainer Danny Orleans will show you 10 incredible ways to use the **AmazeWands**, as well as a special routine designed exclusively for virtual magic shows where the wands fool you.

AmazeWands make any show more...amazing. Don't be surprised if you find yourself loving **AmazeWands** as much (or more!) than your audiences!

Includes: nesting wands, a breakaway wand, and video instructions.
