

Touched by Morgan Strebler and SansMinds - DVD

Mind and movement, a force that constantly shatters you.

What if you can cross the barrier of physical reality?

Imagine touching a person without ever laying a finger on them. Touched is a collection of Morgan Strebler's techniques and his approach to the famous Invisible Touch plot.

Morgan Strebler shares his secret on real time touches. The spectators have their eyes wide open, staring at their own hand while being 'touched' by invisible force. Various techniques to synchronize spectators' senses and create absolute miracles.

Equip yourself with the Touched techniques now and get ready to perform miracles anywhere anytime.

Touched.
