

## **Bolted (Gimmick & Online Instructions) by Jared Manley**

Having a card appear in an impossible location is a staple in magic. The problem that every magician struggles with, is if the object is signed then the location can't be "impossible." But if the location is truly impossible, then the object can't be signed. Now there's a solution-**Bolted!**

**Bolted** allows you to take a randomly signed card, make it disappear, and with no hesitation pull out a locked case with that very same signed card inside. There are many different way's to reveal **Bolted**, including from a pouch, a tuck case, and even your back pocket.

- No forcing
- No duplicates
- Use it with business cards and predictions
- Includes a sleight-free handling for absolute beginners

**Bolted** contains multiple routines geared towards every skill level. Whether you're a complete beginner or seasoned professional, perform the routine that works best for you. This is the perfect way to finish any signed card routine, and the best part? You can hand it out immediately afterward, so there is no doubt their signed card is **Bolted** inside.

Shatters the limits of what's possible and leave your spectator's with a miracle that they can't explain, with Jared Manley's **Bolted**.
