

Passport Project by Yoan TANUJI & Magic Dream

PASSPORT PROJECT is much more than a new deck of playing cards on the market. This is a real tool for performing high impact tricks and taking your spectators on a journey!

PASSPORT Playing cards are printed by the United States Playing Card Company (USPCC). Supplied in an original tuck case with a personalized seal, the Bicycle PASSPORT Maiden Back set includes 56 cards as follows:

- 52 cards with flag at the back (no Joker).
- 2 additional Flag cards for the Rainbow Deck effect with the 4 Aces.
- 1 double back card (USA flag).
- 1 cheat sheet card to know the position and the name of each flag in the deck.

The deck comes in a way so that you can easily stack it up in a Mnemonica order, giving you plenty of options right out of the box.

A link gives you access to a 60-minute explanation video with more than 10 routines!

The gilding effect on the back of each card makes this BICYCLE deck a "must-have" for all playing card collectors!

The colors of each flag will make your Cardistry effects unique and will make a splash with your spectators.

Bicycle Passport, a real World Tour for magicians and cardists!

- Printed by USPCC
- Maiden Back
- Air Cushion Finish
- More than 10 routines taught in English in an hour long explanation video
- More than a pack of card, Passport Project is a tool for all magicians !
