

## Punch'd (Gimmicks and Online Instructions) by David Michael Fox

The **PUNCH'd** device allows you to mark cards and gaff borrowed decks in a fool-proof way. Your spectator can name any card or group of cards and you can now mark those cards right in front of their eyes without them ever realizing it. They can then shuffle the deck to their hearts desire but you will always be able to find their card or group of cards.

The Other Brothers & David Michael Fox provide OVER AN HOUR of instructional material covering everything from close-up & parlor routines utilizing cards & classic mentalism effects using the **PUNCH'd** gimmick.

**PUNCH'd** is a real-time, tactile marking system that allows you to start with a borrowed, shuffled deck and end with an undetectable cheating deck!
