## Phoenix Stripper Deck - Large Index - ROT - Casino Qualität - Kartentrick

Ask anyone who has seen it!! Without a doubt, this is the BEST **Phoenix Stripper Deck** on the market!!

**Effect:** A card is selected and returned to the deck. The magician even lets the spectator shuffle the deck, completely losing their card in the middle of the pack. The deck is then returned to the magician who cuts the cards one time and the selected card magically rises to the top of the deck.

Card-Shark is proud to release its Poker size "Casino Quality" Stripper Deck. These decks are produced by the US Playing Card Company; printed and die cut to their highest quality level. To top that, we even altered the back design by tilting it in proportion to the "Stripper Cut." This keeps the white border at an even measurement the full circumference of the card. No more telltale "thin" border areas.

Also, because of the "Casino Quality," you can perform effects like "Triumph" without sleights. Truly, this deck must be handled to be appreciated!!

Many other effects are possible with this Casino quality deck. It gives you total control of any chosen card or several cards at the same time. An absolute "must have" for your Card Magic Arsenal.

Comes in regular card case. Available in Blue and Red. Large Index for easy viewing!
