

Passage BLUE by Sebastien Calbry & Magic Dream - Sharpie Zaubertrick

From French creator Sebastien Calbry comes another superb piece of visual magic perfect for opening your close-up set or going viral on social media!

Penetrate an object through a playing card in a really magical and visual way!

After Offset, Manivelle and Majesty, comes "**Passage**" a trick that will allow you to pass an object such as a marker, a pen, a straw, a Mikado, through a Bicycle playing card, in an original and impossible way.

Grab the card, place a Sharpie behind it and in one motion, the pen will pass through the centre without leaving any trace. You really have to see this to believe it, it's so fast and visual that your spectators won't have time to understand what just happened. Adapt the object to fit your routine the object can even be borrowed!

Passage is very easy to perform, with less than 5 mins practice you will be performing this small miracle.

Sebastien has designed the effect so that it can be performed on all your social media: Instagram, Facebook, Tik Tok, Snapchat, etc. All you have to do is publish and get thousands of likes and followers!

Each **Passage** gimmick is painstakingly hand-made to work flawlessly.

Add **Passage** to your set today!
