

Money Printer - Gelddruckmaschine - Zaubertrick

A magic effect that makes dreams come true! Pick up a piece of paper, put it between the two rollers of your portable “money printer”, turn the small wheel to activate the rollers and... the white piece of paper will visibly change bit by bit into a **real banknote!** Amaze your audience!

- The money printer is 12,5 cm (4,92”) wide, 6 cm (2,36”) tall, and 2 cm (0,78”) thick.
- Take it along with you, and you will always be ready to change paper to money!

Note: In the video the effect is shown, but the actual item you will receive is shown in the photo.
