

Crazy Card by Hanson Chien

THE WORLD'S FIRST MOVING CHIP EFFECT

Crazy Card took Hanson Chien many years in development, it looks like an ordinary credit card, so you can carry it every day, and no one will doubt it.

BASIC EFFECT

Imagine this, you can move the chip on credit card to any places, and you can even let spectators examine the card before and after the effect.

MENTALISM EFFECTS

Besides moving chip, **Crazy Card** includes special design mentalism effects, such as card prediction, the 37 force and so on, allow you to discover them.

Hanson will use simple approaches to share his performances, and those allow you to bring spectators incredible surprises with **Crazy Card**.

In addition, we invited the champion of Taiwan Mentalism Competition - Perl Lee to share his unique applications on **Crazy Card**. He is going to present this effect from the perspective of mentalism, so you can perform this without bringing a deck of cards.

Now, put **Crazy Card** into your wallet and let your spectators go crazy!

SEE WHAT THE PROS ARE SAYING
