

## Perspective (Illusion Series) by Julio Montoro

Have you ever tried to play with the perspective of an object?

We all know that if you put something closer to your eyes, that thing looks much bigger than other objects at the back of them. With the new creation of Julio Montoro, you can use this plot to do an impossible thing: play with the perspective!

Perspective is an effect thought for your social media and ZOOM shows where you will take two parts of a King of Clubs and play with the perspective of it with your viewers. You have to watch the trailer to understand how impossible this looks!

You will **receive two** amazing perspectives: a **King of Clubs** and a **Starbucks' business card**.

You will also get a tutorial where Julio Montoro will show you how to perform this in an amazing way.

You cannot miss this amazing optical illusion! Get yours now!
