

Easy Money Black Wallet by Spencer Kennard

A classic of classic's, Tom Burgoon's Power Pickpocket has been a powerful piece in the arsenal of many stage performers over the past few decades.

With Tom's blessing, Spencer Kennard now brings you the next iteration in this solid piece of visual magic - with **EASY MONEY**.

Not only can it recreate all the visual moments of the original, but it's also made with the close-up magician in mind - and to your average spectator, the easy money wallet passes off as an everyday regular wallet that can create powerful moments of visual magic!

Make a wallet appear, vanish, transpose, and even be produced from the most unexpected places. It really seems like wallets are just coming out of nowhere!

The video instructions cover everything you need to know about the wallet and covers routines that will satisfy both the amateur and professional magicians.

It's fast, easy, fun and EASY! If you like visual magic that literally packs flat and plays big then **Easy Money by Spencer Kennard** is for you!

Available in two colors, black and brown.
