

## **Kasserolle Zaubertrick - Rabbit Pan Double by Bazar de Magia**

The magician displays a large (11.5-inches round) aluminum pan and opens it, showing the inside empty. He places the lid back on, snaps his fingers and when he removes the lid again, a live rabbit (or any other object which fits inside) appears!

High-quality spun aluminum with a quick-action release, wooden handle and air hole on the lid.

***Single- and double-load versions available, please specify when ordering.***
