

Bicycle Rabbit Playing Cards - Hasen Pokerdeck

What cuddly creature is most associated with magic? The RABBIT, of course!
Why not devote an entire deck to the rabbit? DONE!

Bicycle Rabbit Playing Cards is a deck full of lovely rabbit cards -- made by JL!

This card is designed with magicians in mind, for whom the rabbit's motif fits most closely.

The designers of this card collected data on all rabbits around the world, including visits to the rabbit park in Japan, as well as searches at European and American sites.

A different rabbit is painted on each of the 52 cards, and they're so cute!

Includes two Jokers and two double-back cards.
