

Eastern Forest Playing Cards by Art of Play - Ostern - Pokerdeck

Shuffle the deck and deal a miniature ecosystem. What links the lives of the creatures in your hand? What connections - seen and unseen - do you have to these sylvan beings? Feel, look, listen, and smell: seek out the forest.

Turn on your senses and explore the forest! Every suit is a sense.

HEARTS: are invitations to touch and feel through your skin: textures of plants, heat of animal bodies, and springiness of wood.

DIAMONDS: awaken eyes to flash of firefly, gleam of wildflower, and patterns on leaves.

CLUBS: open ears to the forest's many howls, songs, footfalls, and tree rustles.

SPADES: call us to taste and smell yummy fruit and bitter leaf.
