

PopUp Messewand - Stand für Messen und Events

Here is the "scenic backdrop" perfect for the magician who wants to convey professionalism in an instant. The structure in aluminum is assembled (and disassembled) in a few seconds with just one person to do it.

6 magnetic rods are provided to make the backdrop even more robust (others can be taken separately up to a total of 18).

- The backdrop open measures cm 215 (84,64") x 226 (88,97") x 16 (6,29").
- A useful carrying bag is also included.

NOTE: In this version the special cover of the stand is not supplied.
