Here is the "scenic backdrop" perfect for the magician who wants to convey professionalism in an instant. The structure in aluminum is assembled (and disassembled) in a few seconds with just one person to do it. 6 magnetic rods are provided to make the backdrop even more robust (others can be taken separately up to a total of 18).

- The backdrop open measures cm 215 (84,64") x 226 (88,97") x 16 (6,29").
- The black curtain and a useful carrying bag for the backdrop is also included.
