

Paper to Bill Box - Papier zu Geldschein - Zaubertrick

Six papers cut in the shape of bills are shown and counted. A flat box is shown empty. The papers are then placed inside the box. The box is handed over to the spectator to hold for safe custody. After some by play the spectator is asked to open the box. When the box is opened, the spectator is surprised to find that the six pieces of papers have been magically changed to six numbers of bills!

- Simple to do. The box made of sturdy plastic, measures 19 (6,29") x 4 (1,57") x 9.2 (3,82") cm.
