How To Be A Magician is an ALL NEW visual training package that allows ANYONE to perform MIRACLES, build confidence and OWN any party they walk into.

The FULL PROJECT includes a box of SPECIAL PROPS + downloadable videos packed with 47 incredible tricks.

Good for every skill level, starts super easy and moves up as you get better.

NOTE: The Kit originally debuted on Kickstarter (a crowd funding platform) and funded in only ONE day. There was originally a LITE version of the kit offered but we found that almost EVERYONE wanted the full kit with all props included. This is the option offered today.

HOW TO BE A MAGICIAN THE KIT THAT TAKES YOU FROM 0-60 FAST!

"90 DAY, IRON-CLAD MONEY BACK GUARANTEE"

You might be going something like this...

"This is fake. This can't work. Look at these claims. I'll never be able to do this."

We know because we've been there. And we don't fault you. But we can end that voice in your head. First, remember one thing. This is all we do, is teach this stuff. We've done it for two decades and have taught over a million magicians. Some of them are on TV. We've taught many of the magicians you see on America's Got Talent.

This kit WILL BE everything you hoped for. We already know it, and so we'll put our money on the line... instead of yours.

Have you seen those return it "within 10 days" policies? It's the standard, but we never thought it was enough. You barely have enough time to get it out of the package!

So go ahead and take a full 90 days...learn a few of the best tricks. Pull out a few

of the best tricks at the office, at Sunday dinner with the folks....make a few things disappear. Get acclaim. Get reactions.

If *How to Be a Magician* doesn't do everything we say it will, **send back the kit within 90 days** and Ellusionist will refund every cent of your hard earned money (*minus shipping*).

Over 10,000 buyers (and rising every second) can't be wrong. So that's 100% of the risk taken out of it and there should be nothing stopping you.

Learn to captivate any crowd. Do what others can't do.

We COULD list each one, but it would ruin the magic.

This is OUR secret from now on, and most of these props will never be seen by the people you're showing tricks to.

They stay in the background and help YOU do the magic. Think of them as little helpers, letting you be as awesome as possible.
