

INVISIBLE BED by Tora Magic - Zuschauer schwebt in der Luft - Großillusion

Produced and designed by Tora Magic Company

The split second the audience observes this mystery, they will not believe what they are seeing!

Have a person lie on a bed. Assistants then remove the bed, to find her floating in mid-air! To add to this amazing illusion, this product can allow the floating person to be rotated in ALL directions, circling around the magician.

This leaves audiences spellbound!
