

## Switch-A-Two Parlor Size by Mark Mason - Switching Device

SWITCH\*A\*TWO PARLOR SIZE.

You asked for it, we made it!!

Here is your chance to own our incredible Switch\*A\*Two in a parlor size version. This unit fits perfectly into any regular jacket breast pocket. It will hold the larger parlor size cards. Switch cards in and out in the blink of an eye. Perfect for larger audiences. Also will take a larger envelope than the regular poker size unit. One thing is the SAME THOUGH, the switch is incredible!!

A devastating split second, invisible switch. Switch cards right before your spectator's eyes.

20 years ago, a ground breaking switch hit the magic world that left magicians rubbing their eyes in disbelief.

Mark Mason along with Mak Magic introduced **Switch-A-Roo** by Russel Niedzwiecki. It really was the talk of the magic world.

Over the last year Chris Payne, Ian Fraser and Mark Mason have totally redesigned this device to bring you the all new **SWITCH-A-TWO**.

Remember this is A FULL VIEW switch. Switch cards in or out in a split second. It looks so fair. It's undetectable!

There is nothing to adapt or make, simply drop your **Switch-A-Two** into your jacket or shirt pocket. Magnetically lock it in place and start performing incredible moments of magic.

Openly switch single cards or multiple cards in the blink of an eye.

Seamlessly switch in gimmicked cards.

Clean up any packet trick.

Visually change double-faced cards or double-backed cards.

Make signatures change places.

Visually print blank cards.

Comes with tuition for 6 great routines.

Mark performs and teaches 3 of his favorite effects:

**Jacks & Jokers.** Two Jacks and 2 Jokers magically change places, then they change into the 4 Aces.

**All the same to me.** A comedy prediction combined with a knockout punch.

**Signed Transposition.** Two cards change places and so does the spectator's signature.

Chris Payne performs and teaches 2 routines:

**Signed Cards Across.** A brilliant take on the classic cards across plot. (Highly recommended)

**Open prediction.** A simple, direct approach to the open prediction effect, with a unique twist!

Derek Ostovani performs and teaches:

**Imagination.** 4 blank cards magically print, then the entire blank deck prints.

Plus lots of tips and bonus ideas.
