PULSE - PRO MAGIC CALCULATOR

Much more than a magic calculator...

PULSE is a magic calculator that you can use on **your phone** or even better, on the **spectator's phones** very easily.

Just by **using an NFC tag** (INCLUDED!) that you can palm, or also, by entering a small URL **in front of the noses of your spectators!**

You can perform the **toxic trick** (force any number on any phone), at any time, in a much **easier and safer way**, without the probability of failure.

Also, you can **force the date and time with the exact minutes** in which you are **automatically!**, the app will do everything for you!

And... will be able to **ERASE and REAPPEAR numbers**, even with the spectator's calculator, in a unique and very simple way.

CAMOUFLAGE SYSTEM

Pulse will **auto-detect what type of phone** your spectator has, and will show an **identical iPhone calculator** or a **modern Android calculator**. In the instructional video you will learn how to perform it.

WHAT WILL YOU RECEIVE?

You will receive a **physical license** that will allow you to activate the app for life. Inside the package you will find **INCLUDED** an **NFC chip**, you will need to watch the instructions inside the app to know how to use it.

EASY LEARNING AND SETUP

You will be able to **configure Pulse in just a few seconds**, since it does not have complicated configurations.

You will be able to **learn how to use** all of its features **very quickly**, you will be amazed at how **easy** to use and how **powerful** Pulse is.

MULTI-LANUGAGE

You can configure your **decimal format**, with the dots or commas, and also the **date format** according to your region.

iOS AND ANDROID

Pulse works on all **iOS and Android** phones.

FAQ

CAN THE PHONE OWNER SEE THE SCREEN?

Yes, everyone can see the iPhone calculator after you have put it on home screen, it will take you 2 seconds, since it's exactly the same as the real iPhone calculator. On Android phones, you can always perform the routines from your phone, but in the instructions, you will see how to use Pulse in case your spectators have Android.

HAVE PULSE ANGLES?

You just have to take care of the angles so that they do not see you when you enter the URL or use your NFC, this will take you only a few seconds. In the instructional video, you will see how to do it under the spectator's noses.

HOW CAN I REMOVE TRACES ON THE SPECTATOR'S PHONE?

In the instructions video you will see how to quickly remove traces before returning the phone to the spectator.

CAN I PERFORM PULSE ON CLOSE UP, PARLOR or STAGE?

PULSE is ideal for beginners and workers because you can create routines to any situation, from a small group of people to a large stage.

CAN I PERFORM THE TRICKS WITH MY OWN PHONE?

Yes, you can use PULSE on your own phone, on Android or iPhone.

We recommend that you practice on your phone and then do it on a borrowed phone.

WILL I RECEIVE UPDATES?

Yes, you will receive updates and also improvements and new functionalities in the future, that we will add to the app.
