

BLUFFF (Happy Halloween) by Juan Pablo Magic - Buchstaben-Chaos zu Text - Seidentuchverwandlung

Imagine that you have a handkerchief and it shows on both sides that it has many mixed letters printed that have a secret message and in an instant when blowing on the handkerchief the letters are magically arranged and put together the phrase: "Happy Halloween"!

This trick is ideal to present a magical moment during the Halloween season!!!!

BLUFFF (Halloween Edition) is very easy to do, it is super visual, and it resets in an instant.
